In this issue:

- "Gamification" as an engagement and performance enhancement tool
- Discharge prescription programs reduce readmissions 20%+
- Important updates on changes impacting the 340B Program
- USP 800 Section 6 – Get up to speed on environmental sampling
- In Plain Site – What Nurses Need to Know concerning Drug Diversion

FEATURES:

Gamification as an engagement and performance enhancement tool

Healthcare is just one industry benefiting from the concepts of gaming to enhance performance and engagement in new and exciting ways. Jim Jorgenson [describes](#) real life scenarios where gaming has made a positive impact.

Discharge prescription programs reduce readmissions 20% or more

Experts in the field have shown what we ourselves have experienced, which is that [discharge prescription programs](#) reduce readmissions and improve patient satisfaction. Unfortunately, too many hospitals aren't intentional enough and miss their important opportunity. Contact [Greg Burger](#) to learn how to maximize your program or create a new one.

Important update on changes impacting the 340B program

As the 340B Drug Pricing Program faces the possibility of a dramatic rule change, our experts provide an [important update](#) on what you need to know in the coming months. Keep checking back with us to stay current on the status of this critical program, and contact us to discuss how we can help with your program's compliance and performance.

USP 800 Section 6 - Are you up to speed on environmental sampling recommendations?

As we are now less than a year away from the effective date of USP 800, Fred Massoomi, PharmD, FASHP, continues to provide valuable insight for everyone impacted by the handling of hazardous drugs as part of his Road to USP 800 Compliance blog series. [Environmental sampling](#) is this month's topic. You will find all the [blogs here](#), and please [contact us](#) to learn more about how we can help you with USP 797 and 800 compliance.

In Plain Site – What nurses need to know concerning Drug Diversion

Preventing drug diversion is simply an organization-wide endeavor. Nursing is on the front lines and yet some of the most obvious Opportunities and Access are overlooked. Maureen Burger, Visante's CNO, [explains](#).

COME SEE US

National Association of Specialty Pharmacy Annual Meeting, September 17-20, Washington, DC. [Schedule a time](#) to meet with Kristin Fox-Smith or Tammy Zukowski.
