Expanded resources to achieve a high-performing pharmacy enterprise

Increasing demands on the pharmacy organization challenge resources and performance. At the same time, pharmacy is becoming an even stronger strategic player in health systems, which means there's no better time to consider new strategies to fully optimize pharmacy performance and contribution.

Pharmacy Performance Solutions

Experienced subject matter experts from Visante join your team and immediately add skill sets and resources in support of your daily operations. We help you reach your short and long-term goals so you continue to advance your top priorities. You can focus on key opportunities in your organization knowing that critical business functions are performing at their best.

Vital Resources:

- 340B Program
- Specialty Pharmacy
- Supply Chain

Performance

340B Program Oversight & Management

We help manage all aspects of your 340B Program. Our experts bring commitment and experience that assures confidence in your 340B performance. We have conducted audits of thousands of contract pharmacies and virtually every type of covered entity, and we have expertise with all split-billing platforms. We stay on top of evolving regulations, providing the most up-to-date expertise and information to support both compliance with HRSA/OPA/Manufacturer program requirements as well as program optimization.

Specialty Pharmacy Patient Access & Support Center

Prior Authorization & Benefits Investigation Services

Visante's Specialty Pharmacy experts support patient care through effective, timely and accurate medication prior authorization for both pharmacy and medical benefit (infusion) billing. We

drive revenue growth immediately whether we're launching a new program or expanding a current program. We work tirelessly to make this process as seamless as possible so that prescribers and patients receive the best support in this complex area. Your internal pharmacy will always be the first option for the patient.

Pharmacy Supply Chain & Utilization Management

Providing medications cost-effectively and in a timely fashion is paramount to a high-performing pharmacy enterprise, and Visante's supply chain and utilization management experts will transform your operations with best practices that generate significant savings. We optimize your supply chain performance through reducing inventory and waste, strategic sourcing of pharmaceutical products to assure you purchase drugs at the best possible price, and through partnering to help standardize the utilization of high cost drugs including maximizing the uptake of biosimilar products.

Quickly improving efficiency, quality and service are the goals of Pharmacy Performance Solutions. Clients quickly benefit from our expanded resources and quickly experience strong financial results. ”
